SHIVANI SHARMA

GANDHINAGAR, GUJARAT 382421, (M) **+91-9601120618**, **SHIVANISSHARMA07@GMAIL.COM** 🔗

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in Python (Django), JavaScript, and PHP, skilled in developing dynamic web applications and scalable software solutions. Proficient in designing and consuming RESTful APIs, integrating front-end and back-end technologies, and delivering responsive, user-friendly interfaces. Strong grasp of software engineering principles, object-oriented programming, and database management. Passionate about building clean, efficient code and contributing to innovative projects within collaborative, fast-paced environments.

SKILLS

- **Programming Languages**: Python, PHP, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, AJAX, jQuery, ReactJS (Familiar with responsive design and dynamic UI behavior)
- **Database Management:** MySQL, PostgreSQL, MongoDB, Stored Procedures (Experience in database design, optimization, and query development)
- **Frameworks:** Django, Django REST Framework (DRF)
- **Asynchronous Task Management:** Celery with Redis for background task processing and job queues
- **API & Web Services:** Design and integration of RESTful APIs using Django REST Framework, FAST API
  Tools: Postman formats: JSON, XML
- **Version Control & Collaboration Tools:** Git, GitHub, GitLab, Bitbucket,
  Agile/Scrum methodologies using tools like Clickup
- **Machine Learning (Foundational):** Experience with model training, evaluation, and basic implementation
  Libraries: Pandas, NumPy, Scikit-learn, Matplotlib
- **Deployment & DevOps (Basic):** Deployment using PythonAnywhere, cPanel
  Basic experience with Docker and server environments
- **Tools & IDEs:** VS Code, PyCharm, Postman, Terminal
- **Decision Making:** Ability to evaluate alternatives and choose optimal solutions in development and project execution.
- **Teamwork:** Collaborative team player experienced in working across cross-functional teams.
- **Communication:** Effective communicator capable of articulating technical details to both tech and non-tech stakeholders.
- **Adaptability:** Quick to learn new tools, technologies, and environments.
- **Problem Solving:** Strong debugging and troubleshooting abilities for both front-end and back-end systems.
- **Proactive Learner:** Enthusiastic about continuous learning and keeping up with industry trends.
- **Resilient:** Stays focused and productive under pressure and tight deadlines.

WORK HISTORY

MAY 2024 – MAY 2025

Full Stack Developer DJANGO WEB FRAMEWORK SPECIALIST **| NIJITEK PVT LTD | Ahmedabad, GJ**

- Collected, analyzed, and translated client requirements into robust, scalable full-stack solutions, leveraging Python (Django) on the backend and modern web technologies on the frontend.
- Enhanced and customized application architecture by integrating client-specific features across both frontend and backend layers, resulting in improved usability, performance, and overall user experience.
- Collaborated closely with cross-functional teams—including UI/UX designers, QA engineers, and DevOps professionals—to ensure technical alignment with client objectives and seamless end-to-end project delivery.

ARPIL 2023 – ARPIL 2024

Django Intern | Techno IT Hub | Ahmedabad, GJ

- BUILT WEB APPLICATION DEVELOPMENT USING DJANGO, FOCUSING ON BACKEND INTEGRATION AND DATA MANAGEMENT.
- ACQUIRED PRACTICAL EXPERIENCE WITH DJANGO FRAMEWORKS AND FRONTEND WEB TECHNOLOGIES.

OCTOBER 2022 – JANUARY 2024

PHP Intern | Techno IT Hub | Ahmedabad, GJ

- CREATED AND MAINTAINED PHP-BASED WEB APPLICATIONS, IMPLEMENTING AND REFINING FEATURES.ACQUIRED PRACTICAL EXPERIENCE.
- ENHANCED APPLICATION PERFORMANCE THROUGH TARGETED OPTIMIZATIONS AND BUG FIXES.

FEBURARY 2016 – MARCH 2020
Career Break – Government Job Preparation
- Dedicated time to prepare for competitive government examinations (e.g., SSC, UPSC, State PSCs).
- Continued to sharpen analytical thinking, discipline, and problem-solving skills.
- Maintained and updated technical knowledge through freelance projects, online certifications, and self-study.

DECEMBER 2014 – JANUARY 2016
Quality Analyst | New Rise Infotech Pvt Ltd | Jaipur, RJ
- CONDUCTED COMPREHENSIVE TESTING OF SOFTWARE PRODUCTS, ENSURING HIGH STANDARDS OF QUALITY AND FUNCTIONALITY.
- IMPROVED TESTING METHODOLOGIES, CONTRIBUTING TO A REDUCTION IN TIME-TO-MARKET FOR SOFTWARE RELEASES.

JULY 2014 – NOVEMBER 2014
Intern | New Rise Infotech Pvt Ltd | Jaipur, RJ
- ASSISTED IN VARIOUS TECHNICAL AND ADMINISTRATIVE TASKS, GAINING FOUNDATIONAL EXPERIENCE IN QUALITY ASSURANCE.

EDUCATION
PGDM Obtained: Data Science and Analysis – Grade A | 2020-2021
NIELIT, Chennai TN

Degree Obtained: Computer Science and Engineering - 70.6% | 2010-2014
Rajasthan Technical University, Kota RJ

HSC Obtained: Science Math Stream – 69.08% | 2009-2010
Railway Senior Secondary School, Abu Road RJ

SEC Obtained: All Subjects – 71.33% | 2007-2008
Shri Vedic Kanya Senior Secondary School, Abu Road RJ

CERTIFICATIONS & INTERNSHIPS
- Completed a summer internship at ONGC Ahmedabad, focusing on the application of software systems in industrial operations. Gained hands-on experience with data handling, basic scripting, and IT infrastructure used in large-scale enterprise environments.
- Completed vocational training at BSNL, focusing on telecom systems, digital exchanges, and broadband infrastructure. Gained exposure to network protocols, real-time data handling, and automation concepts using Python for basic telecom-related tasks.
